

Have a good time

Take it easy

Go bananas

Break a leg

Feel under the weather

A piece of cake

To be over the Moon

To be all ears

I cross my fingers

See eye to eye with somebody

You are pulling my leg

At all costs

As blind as a bat

Be as good as your word

Spill the beans

Better late than never

Early bird

To eat like a bird

Black sheep

Feel blue

Out of the blue

Hit the books

Judge the book by its cover

A bookworm

Call it a day

Like cat and dog

Catch someone red-handed

A change of heart

The devil is in the details

Eagle eyes

Eat a horse

Make ends meet

Poker face

Get cold feet

All hands on deck

Break the ice

Kill two birds with one stone

On last legs

To learn by heart

To have fun

Nerves of steel

Next to nothing

Night owl

An open secret

The party is over

Picture of health

Deep pockets

It's raining cats and dogs

In the same boat

In good/ bad shape

Window shopping

The sky is the limit

Take matters into your own hands

Take something to heart

Teach someone a lesson

Tie the knot

In no time

Times have changed

Bite your tongue

hold your tongue

keep a civil tongue

a two- faced person
